Whereas the United States is a sovereign and free nation, wth out affairs of state conducted according to our U.S. Constitution and ...

Whereas the anti-American tone of the United Nations in recent years is not conducive to productive dialogue or the shared solutions to world problems and ...

Whereas countless scandals, obvious and systemic corruption, an out-of-touch and unelected international bureaucracy, pretensions to World Government, and disdain for American sovereignty have thoroughly discredited the United Nations and ...

Whereas America still stands, as President Ronald Reagan often said, as "the last, best hope of mankind" and is not the threat to world peace as the U.N. General assembly seems to believe, **THEREFORE**:

I the undersigned do hereby **PETITION** our President Barack H. Obama to immediately end our membership in the United Nations and stop any and all funding of that corrupt and anti-American international body.
